Toka Yada
Her big boobs aren't her only attraction. She excels at the piano, tea ceremony, tennis and other activities. On top of that, she is currently perfecting her 'womanly charms' under Miss Vitch's tutelage.

pick up!

Karma Akabane
Class E student. A natural genius who earns top grades. His failure in the final exam of the first semester has forced him to grow up and take things a bit more seriously.

Story Thus Far

Kunugigaoka Junior High. Class 3-E is led by a monster who has disintegrated the moon and is planning to do the same to the Earth next March.

Although we have a lot of data on his weaknesses, we are still far from successfully assassinating Koro Sensei...

Class 3-E
Newspaper Staff

Tadaomi Karasuma
Member of the Ministry of Defense and the Class E students' P.E. teacher. Though serious about his duties, he is successfully building good relationships with his students.

Yuma Isogai
The class representative. He comes from a very poor family, so the goldfish he caught at the summer festival became a fine meal. He has always gotten good grades, so how did he fall down to Class E?

Even the armies of the world with the latest technology can't kill the super creature Koro Sensei (and collect the thirty million bounty on his tentacles)! So it comes down to his Kunugigaoka Junior High students in 3-E, the so-called 'End Class,' whom he has promised not to hurt on the condition that he become their teacher. Thanks to Koro Sensei's dedication, his charges are turning into fine students capable of outshining the academically top-ranking students at their school. Likewise, the 3-E students' athleticism and powers of mental concentration are rapidly improving as Mr. Karasuma from the Ministry of Defense molds them into a professional team of assassins. Now the first of three semesters has passed and the clock is ticking... Will the misfit students of 3-E manage to assassinate Koro Sensei before he fulfills his threat to destroy Earth in March?

Class E is complete now that Itona has joined us!

Fifteen male students, twelve female students, one machine. The teachers are an octopus, a cougar and a drill sergeant. If we take a graduation photo, we'll definitely need to Photoshop it.

Top Secret

Irina Jelavich
A sexy assassin hired as an English teacher. She's known for using her 'womanly charms' to get close to a target. She often flirts with Karasuma, but hasn't made any progress with him yet.

Koro Sensei

A mysterious, man-made, octopus-like creature whose name is a play on the words 'Koro Sensei,' which means 'can't kill.' He is capable of flying at Mach 20 and his versatile tentacles protect him from attacks and aid him in everyday activities. Nobody knows who created him or why he wants to teach Class 3-E, but he has proven to be an extremely capable teacher.

Gakuho Asano
The principal of Kunugigaoka Academy, who built this academically competitive school based on his faith in rationality and hierarchy.

Kaede Kayano

Class E student. She's the one who named Koro Sensei. She sits at the desk next to Nagisa, and they seem to get along well.

Nagisa Shiota

Class E student. Skilled at information gathering, he has been taking notes on Koro Sensei's weaknesses. He has a hidden talent for assassinations and even the Assassin Broker Lovro sees his potential.

BEST IDEA ANNOUNCED!

Many excellent ideas were submitted for this project!
Matsui Sensei has chosen to draw the best assassin
out of the 936 pieces of artwork that were sent to us!*

*A call for fan submissions was announced in Weekly Shonen Jump 2014, Issue 15.

Ika Sensei

This villain is a giant squid out to avenge the death of its fellow squids who have dried up because of the changes in the ocean tides due to Koro Sensei having destroyed most of the moon. It sneaks into Kunugigaoka Junior High. The squid ink it spits out of its mouth can melt Koro Sensei!

Koro Sensei's Counterplan

I'll block the large brush with the writing paper and block the ink it's spitting out with a pan of pasta. But I can't find a way to block the small brush...

Koro Sensei's Secrets, Encyclopedia Entry ①

How He Changes His Outfit So Super Fast

- ① Koro Sensei has various spools of colored thread and knitting needles squirreled away inside his baggy robe.

- ② He knits at Mach 20! Because he creates his clothes from scratch, he can make them any color, shape or design!

- ③ Finished! Once he's done enjoying a new outfit, he unravels it into thread again. This process is both budget-friendly and efficient!

As the manga artist of this series, I would love for you to compare the Assassination Classroom anime to the live action movie version. The reason is that the CGI in the live action movie is so well done and the anime also makes Koro Sensei seem real!

The anime is most enjoyable if you sympathize with the students. But when watching the live action movie, I'd like you to jump into Class E as if you really were a student being taught by Koro Sensei.

The staff of the anime and live-action movie were both very dedicated, and I could tell they truly cared about the original series. Given that, I'll have no complaints, no matter how the anime and movie turn out in the end. I'm excited and looking forward to seeing them!

—Yusei Matsui

Yusei Matsui was born on the last day of January in Saitama Prefecture, Japan. He has been drawing manga since elementary school. Some of his favorite manga series are *Bobobo-bo Bo-bobo*, *JoJo's Bizarre Adventure* and *Ultimate Muscle*. Matsui learned his trade working as an assistant to manga artist Yoshio Sawai, creator of *Bobobo-bo Bo-bobo*. In 2005, Matsui debuted his original manga *Neuro: Supernatural Detective* in *Weekly Shonen Jump*. In 2007, *Neuro* was adapted into an anime. In 2012, *Assassination Classroom* began serialization in *Weekly Shonen Jump*.

VICTORY!

This new blue color appears during tests and when he uses his head. It is similar to the color of Bikkuriman's Protector sticker," so he calls it "Protector Blue." Use it as a good luck charm when taking tests and as a cover for your textbooks.

"Bikkuriman was a popular chocolate snack in the late eighties.
It came with a collectible Angel, Demon or Protector sticker.
